Everyday moments = learning opportunities!

You have the power to help your child grow their reading skills!

Every time you read, sing and talk with your child, you're helping them grow skills that will last a lifetime. And the best part? This can happen anytime, anywhere!

Fun and easy ways to add learning to your routine:

- **Grab a cookbook:** Your child can help with dinner by reading from the recipe as you cook.
- **Sing in the car:** Fit in a mini karaoke session with your kiddo on the way to drop-off.
- **Babble during bathtime:** Chat about the day while your little one babbles along in the tub.
- **Name that fruit:** At the store, point out fruits and veggies to your child. Talk about their colors, shapes and the sounds in their names.
